Hello VGC Homeowners

RE .. Coronavirus Pandemic & VGC Management Update

We hope this finds you safe and well during our Coronavirus crisis..

Unfortunately, our world is just starting to understand the potential impact of the Coronavirus Pandemic. Hopefully this virus will be contained in a short time .... but even with containment the aftermath will probably leave some unanticipated life and VGC HOA management challenges.

Because this virus is highly contagious it is critical that we keep our VGC work and meetings environments safe. Face to face association meetings can no longer be a key means of communication. Video conferencing systems like ZOOM are being considered as a standard means for future committee and board meetings. VGC emails will continue to be a primary means of communication with the membership and will include some use of the plastic flier boxes located in the postal mail box area.

At this point, top priority for your board of directors continues to be resident safety, maintenance of our common areas and enforcement of land use standards. Your board and committee volunteers will continue to work with our strategic planning committee, senior advisors including consultation with our state/national community associations to develop management plans for 2020 and beyond.

Concerning VGC grounds maintenance outcomes over our first four months all common area and village yard/irrigation contractors are working, although some started late with smaller crews .. As of today budgeted income and expense projections are on target; Members can view monthly VGC financial reports on the members only section of our website ..

A very special thank you goes to common area special project landscape improvement volunteers for their winter debris clean up, trimming, new plantings and removal of dead shrubs/trees .. In addition, a special thank you is extended to all volunteers involved in individual village leadership, association committees, and the Master Board.

Ideas, suggestions, etc. for the “Good of the Villages” are always welcome ..  
please address to: Dick Cook, VGC President, [villagesgarrisoncreek@gmail.com](mailto:villagesgarrisoncreek@gmail.com)
