

## **Social Committee Report**

**May 26, 2021**

It is so good to have Covid restrictions eased and this enables the Social Committee to make more definite plans about social events. However, we still encourage those who participate in social activities to continue to practice social distancing and any other appropriate precaution.

The Social Committee met May 24 in the Gazebo with all members present.

Three gift bags were delivered during the month of May and homes continue to go on the market and rental homes change occupants. New residents express appreciation for being contacted and welcomed to the Villages.

Every committee member is involved in the planning of at least one upcoming event. As previously reported, the committee is planning seasonal family events with several events being scheduled over the next several months. Stay tuned for details and dates of upcoming events through emails and/or messages in flier boxes next to mailboxes.

Individual Villages are being encouraged to plan their own casual gathering to get reacquainted with their immediate neighbors after over a year of not being able to gather. Village 8 has already had an event and Village 5 will have an ice cream social and play yard games on June 13. Potlucks are not encouraged yet but something simple (such as ice cream bars) can be served. Any expenses incurred are the responsibility of the individual Village.

Respectfully submitted,

Denise Bartlow & Joyce Beecroft
