

## **Rudy Sanchez – Village 9**

I would like to express my desire to run in the next election for a position on the VGC MPMA board of directors.

Please confirm that my name will be added to the ballot(s) to be mailed to the membership, or let me know today, October 9, 2023 what information you need from me to assure my name will be included in the ballot.

Here is some information about me that may be relevant for your consideration:

I am a graduate of WW University in Mechanical Engineering. Currently working at Key Technology. I am the Food Handling Systems Division Product Manager and with 35 years in the company.

My wife Edna and I have been living at 650 SE Whimbrel Loop for the last two year, and own this house since August of 2021.

I have extensive experience in managing very large and complex engineering projects all over the world. This includes managing the engineering and commercial aspects of the project as well as customer relationship.

My interest if to collaborate and to participate with this group to help maintain our wonderful community it the best way possible and help to streamline our expenses and reserve funds. I feel that, together we can come up with a better plan to maintain our property in top shape and reduce our monthly dues.
